## Performance Exhaust System

- Complete 2 in 2 exhaust system
- Made of stainless steel
- With short aluminum end caps
- Removable absorbers

Note: The use of exhaust systems without or with modified absorbers on public roads violates local, state and/or federal/EU laws.

Custom Chrome Europe is bringing the RevTech brand name back to market with a full line-up of high-grade, made in Europe performance exhaust systems. Manufactured in doublewall high-grade stainless steel with solid flanges to fix the exhausts safely to the cylinder exhaust ports. Where necessary on some models, sensor positions are prepared to install existing sensors at the correct position. Aluminum-machined end caps contrast with the polished stainless steel and are styled to look like a jet engine exhaust. The brackets are opted for an easy and fast installation on the bike. The sound absorbers are removable for race use on closed/private tracks.

**Material: Stainless Steel, Unit: Each, Qty.: 1.0**

## Performance Slip-On Muffler

- Slip-On Muffler Set
- Made of stainless steel
- With short aluminum end caps
- Removable absorbers

Note: The use of exhaust systems without or with modified absorbers on public roads violates local, state and/or federal/EU laws.

Custom Chrome Europe is bringing the RevTech brand name back to market with a full line-up of high-grade, made in Europe performance Slip-On mufflers. Manufactured in doublewall high-grade stainless steel as heat resistant black coated versions only with distinctive RevTech Performance logo lasered on. Aluminum-machined end caps contrast with the black steel body and are styled to look like a jet engine exhaust. The sound absorbers are removable for race use on closed/private tracks.

923972	Racing for Race Tracks only

# Dr. Jekyll & Mr. Hyde®

## THE EXHAUST

### ELECTRONICALLY ADJUSTABLE EXHAUST SYSTEMS

The Jekyll and Hyde Company gives motorcyclists the ultimate riding experience with The Exhaust. This is an electronically adjustable exhaust system gives you the possibility to adjust your sound to the moment. Give your bike the ultimate upgrade and take it to the next level with Dr. Jekyll & Mr. Hyde.

### THREE SOUND MODES

By a simple push of a button a valve inside the muffler closes, opens, or opens halfway, adjusting your sound to the moment. Be silent in the Dr. Jekyll mode, let you bike roar in the Mr. Hyde mode or choose the Dynamic mode in between.

### STREET LEGAL

Dr. Jekyll & Mr. Hyde | The Exhaust is a completely legal exhaust system that complies with European laws and is ECE, EG-BE and TÜV approved. The reason for this is that every Dr. Jekyll & Mr. Hyde system contains a smartbox: this electronic control unit is the brain of the product and contains software that reads CANBUS signals coming from the motorcycle's ECU. By committing the system to the parameters set by EU legislation, the Smartbox will seamlessly and subtly intervene if necessary. Riders don't have to worry about breaking the law in any situation; the system is always legal no matter what sound mode is selected. Dr. Jekyll & Mr. Hyde exhaust systems are fully compliant with the latest EURO norm. Before a system is released, it gets thoroughly tested by the proper authorities and only when they approve it, a Dr. Jekyll & Mr. Hyde exhaust system becomes available for your bike.

for more details check [www.custom-chrome-europe.com](http://www.custom-chrome-europe.com)

### CHOOSE YOUR STYLE, CONFIGURE YOUR EXHAUST

To find an exhaust that fits your taste Dr. Jekyll & Mr. Hyde offer a wide variation of exhaust configurations that match the rider's individual preferences. In the online configurator you can find you bike and match it with your perfect exhaust.

### PREMIUM QUALITY & 4 YEAR WARRANTY

A Dr. Jekyll & Mr. Hyde exhaust is a reliable and high quality product. All systems need to withstand all kinds of extreme (weather) conditions and extreme heat. Therefore they are thoroughly tested, before going into production. When all the tests are passed and an exhaust becomes available to the public, only the highest quality materials are used for the production which are all sourced from trusted suppliers in Europe. Since the exhausts are made to last and designed and manufactured with longevity in mind, all new exhaust systems are delivered with a standard 4 year warranty.

For more than 25 years The Jekyll and Hyde Company provides riders with the ultimate soundtrack for the road. Now it is time you enhance your riding experience with Dr. Jekyll & Mr. Hyde | The Exhaust

## Drager Drag Exhaust System

- Legal exhaust systems with an extraordinary look
- Improved torque, lower heat due to integrated interference pipe
- Available in various surface options
- 2 mm high-quality rust and acid-resistant stainless steel
- Exhaust Diameter Euro 2 and 3: 2,5"
- Exhaust Diameter Euro 4: 70 mm
- Black versions blasted with special corundum for high quality black coating
- Polished versions made in four stage polishing process for high gloss finish
- Handmade in Austria

**Description: Polished Smooth Heat Shield, Polished Smooth End Cap, Material: Stainless Steel, Unit: Each, Qty.: 1.0**

## Touring Slip On Muffler with Sound System

The BSL Touring mufflers are made of seamless drawn stainless steel tube with 1.5 mm wall thickness. Developed according to technical standards with EBE and EURO guidelines - suitable for all Touring and Dresser models. The sound system has up to 3 adjustment possibilities, depending on the desired volume. Only high-quality, rust- and acid-resistant stainless steel is used for production.

### 2 in 2 Sportster S Muffler Set

Directly coming from our race experience this new product is a semi full system 2 in 2 with a central balancing pipe, the pipework is fully stainless steel made TIG welded, the 2 mufflers are from the TRACKER series in brushed stainless steel with a carbon fiber endcap.

The EURO5 homologation is obtained by the use of 2 catalytic converters in the central pipes.

The deep tone of the sound, as all the V-PERFORMANCE exhausts, is guaranteed by the special feature of the inner cartridge.

Great news also for the plate holder, a steel laser-cut piece to relocate the license plate under the tail and give to the new Harley a real racing style touch.

- With Service Card registration, 30 months V-Performance warranty
- Instruction video in the CCE Dealer Store at the respective article

**Fitment: 21-22 Sportster S RH1250S , Description: Endcap Tracker Carbon, Certification: Euro 5, Material: Stainless Steel, Unit: Set, Qty.: 1.0**

### Sportster S 2in2 Racing Muffler and Mid-Pipe Set

Directly coming from our race experience this new product is a semi full system 2 in 2 with a central balancing pipe, the pipework is fully stainless steel made TIG welded, the 2 mufflers are from the TRACKER Race series in brushed stainless steel with a carbon fiber endcap.

The deep tone of the sound, as all the V-PERFORMANCE exhausts, is guaranteed by the special feature of the inner cartridge.

Great news also for the plate holder, a steel laser-cut piece to relocate the license plate under the tail and give to the new Harley a real racing style touch.

- With Service Card registration, 30 months V-Performance warranty (instructions see video below)
- For race track only

**Fitment: 21-22 Sportster S RH1250S , Description: Endcap Tracker Carbon, Material: Stainless Steel, Unit: Each**

PART#	COLOR
924235	Stainless Steel Satin
924236	Black Ceramic Coated

### Sportster S Carbon Fiber Heat Shield

The V-Performance composit department has designed and produced a new carbon fiber heat shield which makes the bike unique. This heat shield is a perfect addition to the V-Performance Sportster S 2 in 2 Half System Twin Muffler Set.

**923242** Fitment: 21-22 Sportster S RH1250S , Material: Carbon Fiber, Unit: Each, Qty.: 1.0

921936

### Thunder Series Twin Slip-On Muffler Set

This new system from V-PERFORMANCE has a twin titanium muffler set from the THUNDER series, the link pipe is 1 in 2 stainless steel tig welded. The endcaps are ERGAL 7072 machine worked with a black teflon based coating. The db-killer is removable. In the package is also supplied a carbon fiber heat guard and all the brackets and hardware for a fast and easy fitting. This product meets the European emission and noise standards and it comes with European certification.

In addition you can also buy the mid-pipe NO-KAT as a special order (CCE#922043), this simple 60mm pipe removes the catalyst converter and gives to the bike his full power.

Using the mid-pipe NO-KAT we recommend the ECU remapping in order to have the right Air/Fuel ratio and obtain the best performance from the system. In this configuration, the motorcycle may only be used on closed terrain such as race tracks.

- With Service Card registration, 30 months V-Performance warranty
- Instruction video in the CCE Dealer Store at the respective article

**922042** Fitment: 19-21 FTR 1200, 19-20 FTR 1200 S, 21 FTR S, 21 FTR Rally, 21 FTR R Carbon, 22 FTR, 22 FTR S, 22 FTR Rally, 22 FTR R Carbon, Color: Titanium, Description: Endcap Style Thunder, Certification: Euro 4, Euro 5, Material: Steel, Unit: Set, Qty.: 1.0

### Pan America Single Slip-On Muffler

- Euro 5 Homologated
- Designed for performance, this E-approved slip-on has a nice deep sound
- Easy to install on the stock header pipes and feature built-in catalytic converters and removable dB Killers

# LEGAL EXHAUSTS

## REVTECH PERFORMANCE EXHAUST – ECONOMICAL E3,E4 COMPLIANT EXHAUST

RevTech is Custom Chrome's own brand and has always stood for high-quality accessories and spare parts for Harley-Davidson motorcycles for decades. For 2023, Custom Chrome Europe is adding an important component to the RevTech portfolio: The RevTech Performance Exhaust. These are both complete exhaust systems including headers as well as slip-on silencers, both are coming with removable absorbers. Of course, the complete systems and the slip-ons are legal and homologated according to Euro 3 and Euro 4. Euro 5 systems will follow shortly. If you need to make your ride legal or just wish to make it quieter, RevTech Performance Exhaust is your first choice.

*Dr. Jekyll & Mr. Hyde®*  
THE EXHAUST

## DR. JEKILL & MR. HYDE – PREMIUM PRODUCT WITH PREMIUM EQUIPMENT AND PREMIUM SERVICE

The name says it all. The electronically adjustable exhaust systems from Dr. Jekyll & Mr. Hyde give you the opportunity to adapt the sound to the moment. With a simple push of a button, a valve inside the muffler closes or opens and gives your exhaust more sound and performance: Closed, in Dr. Jekyll mode for a relaxed ride, open in Mr. Hyde mode for maximum sound and performance or half-open in Dynamic mode in between. Whichever mode you choose, you'll always be 100% legal.

## BSL – LEGAL PIPES FOR CUSTOM BIKES

The exhaust systems from the Austrian manufacturer always has the attraction of unusual designs and/or finishes. Whether Firestarter, Rainbow, Top Chopp or Bomb V2, the designs stand for themselves. And once you have discovered the Outline finish for yourself, you can't get deny the styling. So obviously BSL systems are particularly suitable for very special conversions and Custom Bikes. The highlight: all BSL exhaust systems that they are homologated and therefore completely legal. In this case, customizing and legality are not mutually exclusive, but complement each other. The core program of designs is always in stock, further designs are available as special orders at any time.

## VPERFORMANCE – FOR MODERN HARLEY-DAVIDSON AND INDIAN MOTORCYCLES

Looking for a legal muffler (Euro 5 homologated) or just something quieter than a non-homologated exhaust for Harley-Davidson and Indian motorcycles? VPerformance offers mufflers for the complete range for both brands. The extreme short mufflers give the bikes a much better look compared to the OEM ones. The customer can additionally choose between different finishes and end caps. In all cases VPerformance offers a deeper, more engaging sound but as legal as the stock mufflers. And of course, you are not limited to Euro 5, especially for Indian models as Euro 3 are also available.

## FALCON – THE BEST OFFER FOR COMPLIANT / LEGAL EXHAUSTS

The portfolio of Falcon Exhausts covers both complete systems and mufflers. Falcon has been part of the Custom Chrome Europe range for a long time and stands for good quality at a reasonable price. We also offer Falcon legal systems, from Euro 2 til Euro 4.
